

July 2023 Board of Directors meeting.

Membership and outreach : Professional members = 102, Business partners = 97, totaling 199 members. Jose mentioned how our educational opportunities are driving a growing membership.

Upcoming education : October is the Fall engineering expo at Cheney stadium with a Halloween theme. Topics and training include Medical air / gas certification training in the USO suite. How to read MEP drawings in the Willie Mays suite. These can accommodate 8 people.

November “ Fire Palooza “ location TBD.

Fire door and damper maintenance and repair by Dave Bain from Valley Medical Center.

Fire Alarm Sprinkler testing by Convergent Technologies and Childrens Hospital.

Upcoming events : SW golf tournament Friday, July 28th . Shotgun start at 9

Summer bash with the Tacoma Rainiers Friday Aug 25th starting with the martini tailgate at 5 pm. Don't miss this it was a blast last year. On line registration is available.

Treasurers Report : Balance as of 07/20/2023 is \$103,815.86

Upcoming training : Auburn Regional Medical Center Wednesday July 26 ; Summit Pacific in Elma Wednesday July 26 and Harbor Regional in Aberdeen Thursday August 3rd. A lot of our new facilities have really been impressed with the level of training.

New course under development that will be tested out this Fall at our Engineering Expo is the “ How to read MEP drawings”. WSSHE University has proved to be super beneficial to our remote locations simply because the training comes to them. Pretty exciting.

Old Business: SW Golf Bootcamp from June 29th

Lisa Conner ran this event with great success. We had 52 golfers receiving 13 lessons and the event was a hit.
